

Prepare your items by cleaning, organizing and packaging. A well-presented item will sell quickly. All small parts must be well packaged. If selling a set, all items must be included and packaged together. Do not use packing tape over wood or decorative items. Use Magic Eraser to remove scuff marks. Tooth brushes are great for small corners. All items must be in New or Gently-Used condition. Out of date items will not be accepted. All items that require electricity will need to be tested upon drop off.

**Have an item that is not listed, check out www.Facebook.com/ATGPOPOPUP/ for more information.*
